

CAPABILITY STATEMENT

Dasilva Consulting LLC, founded in 2019, is a certified Minority Business Enterprise (MBE) and Managed Service Provider (MSP) specializing in cybersecurity, IT modernization, and cloud solutions for government and enterprise clients. We deliver secure, scalable, and cost-effective technology services that safeguard data, ensure compliance, and enhance operational performance.

Through a strategic partnership with a global Managed Security Service Provider (MSSP) managing over 11.4 million endpoints, we provide 24/7 Managed Detection and Response (MDR), vulnerability management, and incident response services. Our integrated SaaS and managed IT solutions reduce risk, improve efficiency, and support business continuity.

Dasilva Consulting is driven by integrity, performance, and collaboration, empowering clients to achieve mission success through innovative, resilient, and compliant technology solutions.

CORE COMPETENCIES

Cloud-based SaaS and Managed IT Services

- ♦ IT Staff Augmentation and Technical Consulting
- ♦ 24/7 Remote Monitoring, IT Support, and Network Operations
- ♦ Cloud Backup, Recovery, and Infrastructure Management
- ♦ Scalable SaaS Solutions for MS 365 and Enterprise Platforms

Cybersecurity Services

- ♦ Managed Detection & Response (MDR), SOC & SIEM Integration
- ♦ Threat Detection, Vulnerability & Risk Management
- ♦ 24/7 Incident Response and Security Reporting
- ♦ Advanced Email Security & Identity Access Management
- ♦ Cybersecurity and Compliance Assessments (HIPAA, PCI, NIST)

Governance, Risk & Training

- ♦ Security Awareness Training and Policy Implementation
- ♦ Continuous Risk Analysis and Regulatory Alignment

DIFFERENTIATORS

- ♦ **Client-Centered Approach:** We build strong, collaborative relationships and deliver technology solutions that directly address each client's operational challenges and mission goals.
- ♦ **Certified & Experienced Professionals:** Our team brings deep expertise in government IT systems, cybersecurity compliance, and managed service delivery.
- ♦ **Scalable Cloud & Security Solutions:** We leverage advanced, cloud-based technologies to provide cost-effective, secure, and easily managed IT environments.
- ♦ **Customized, Flexible Delivery:** We tailor every engagement to align with client objectives, timelines, and budgets, ensuring measurable outcomes and long-term value.

PAST PERFORMANCE

State of Illinois Comptroller's Office (Prime) Feb. 2023 - May 2023
Executed a risk-based compliance and systems audit for the State and University Employees Combined Appeal (SECA) program. Evaluated business processes, identified internal control gaps, and implemented actionable mitigation strategies. Delivered a final audit report that improved operational compliance, and aligned SECA's systems with state and federal regulatory requirements.

Healthcare Providers (Private Sector - Ongoing)

Designed and deployed a Managed Detection and Response (MDR) solution integrated with secure cloud backup and disaster recovery systems for multiple healthcare clients. Implemented real-time threat monitoring, endpoint protection, and HIPAA-compliant incident response workflows to ensure uninterrupted clinical and business operations. Achieved measurable improvements in security posture and compliance readiness through continuous 24/7 monitoring and vulnerability management.
